

## Earth Systems Quarter 2 Credit Recovery Overview

### Reference textbooks:

Glencoe Earth Science (2008) ISBN: 9780078778025 AND  
Glencoe Ecology Module (2008) ISBN: 9780078778209

### Pre-Assessment

3 English versions  
1 Spanish version  
Answer keys

### Modules

8 Assignments-including video clips from Khan Academy  
3 Labs  
1 Answer Key document that includes all assignments and labs

### Final Assessment

3 English versions  
Answer keys

### Materials List

For lab work most materials are re-useable, but there are a few consumable items that will need replacing.

- Copies of outline world map showing longitude and latitude (master is located in the lab document), 4 pencils of different colors
- large plastic bottle, food coloring, small glass jar, aluminum foil, rubber band, several pieces of paper about 0.5 cm square, hot and cold tap water
- large measuring cup, water, plastic dropper, 2 small bowls, spoons, stopwatch

**Instructions:** This credit recovery module integrates both textbook and online resources. While there are no points for the work, if a student doesn't get at least 80% correct, they will probably not be prepared for the assessment. Students should fix mistakes or redo assignments in order to prepare for the assessment. It is recommended that a student do the vocabulary for each chapter first, to prepare for reading the chapter. Watching the Khan Academy video clips will reinforce the reading and give some examples. The Guided Reading Worksheets will help students focus as they read each of the assigned chapters. At the conclusion of the review worksheets are some labs that can be done at home or at school.
